Key Achievements/Improvements 2021/2022

Racing Queensland now provide funding annually for our Tier 2 Track and included in this funding is provision to have a full time Racecourse Track & Venue Manager.

This 21/22 season the Club have purchased new equipment to provide our track with the best resources. The Club have purchased a Boom spray, Fertiliser spreader, Verti-drain, Turf Tidy, Kubota out front mower, Brush cutters, Sludge pump and other equipment to have ready for the new Racecourse Track & Venue Manager on 1 July.

We thank Ranbuild Warwick for completing our new Barrier Shed on schedule. It will house our two sets of barriers.

The Club will be a hive of activity over the following 3 months with construction of our 20 additional tie up horse stalls, additional Swab box & vet prep room, new double storey broadcast tower and also the much-anticipated Female jockeys' extension. The future of the Warwick Turf Club is exciting and progressive.

Membership Survey

Over the next week all members who have supplied email addresses will receive a SURVEY from Survey Monkey. The Club wish to create and receive new ideas for our Membership base. The Club needs Members to support the industry and our Club also relies on volunteer Committee members to manage Allman Park Racecourse.
